

# 2004 RESOURCE DIRECTORY

*Preserving Place & Creating Community in Joliet's Historic Cathedral Area Since 1981*

---

## INTRODUCTION

The Cathedral Area Preservation Association (CAPA) is pleased to present the 2004 edition of the CAPA Resource Directory.

This directory is a valuable reference for homeowners in the Cathedral Area who wish to find honest, experienced craftsman, tradesmen, contractors, and businesses which specialize in handling projects that owners of old houses deal with most often.

The individuals and businesses listed in this directory have worked in the Cathedral Area and have been recommended by CAPA members. CAPA does not endorse the tradesman and the businesses included in the directory.

To submit names and information of tradesman for future editions of this directory, send an email to [ideas@capajoliet.net](mailto:ideas@capajoliet.net)

If you know of a correction or modification to any of the businesses and individuals in the Directory, please email changes or additions to our email address: [info@capajoliet.net](mailto:info@capajoliet.net).

Thank you!
